Compared to last week: Yearling steers and heifers were too lightly tested last sale to develop any market trend. Unweaned steer calves sold mostly 10.00-15.00 higher. Heifers under 550 lbs sold mostly 6.00-12.00 higher, heifers over 550 lbs were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Quality this week was average to very attractive and much more attractive than last weeks light run. Many sets of calves were purchased to run on grass this coming summer and these offerings sold with the best demand. Demand for weaned calves was mostly good this week. Market activity was mostly active with bidders quickly bidding on offerings. Weigh up cows sold on light to moderate demand for moderate to heavy offerings. Packers showed light demand for all cows not suitable to feed. Slaughter cows sold mostly 1.00-3.00 lower on all classes. Feeding cows sold weak on high quality cows suitable to feed to premium white and mostly 1.00 lower on short term feeding cows. Cow quality this week was average with many thin cows seen again this week. Slaughter bulls sold with steady to lower undertones. Packers showed light demand for bulls this week and offerings that were not suitable to feed sold lower. Young age cows suitable to feed or rebreed sold unevenly steady. Demand remains mostly good for young cows. Many cows continue to sell light and in thin flesh. Supply included: 62% Feeder Cattle (48% Steers, 51% Heifers, 1% Bulls); 24% Slaughter Cattle (93% Cows, 7% Bulls); 14% Replacement Cattle (92% Stock Cows, 8% Bred Cows). Feeder cattle supply over 600 lbs was 17%.
