Livestock Weighted Average Report for 8/24/2021 - Final

AUCTION

	This Week	Last Reported 8/17/2021	Last Year
Total Receipts:	2,487	1,017	720
Feeder Cattle:	2,099(84.4%)	642(63.1%)	442(61.4%)
Slaughter Cattle:	286(11.5%)	293(28.8%)	165(22.9%)
Replacement Cattle:	102(4.1%)	82(8.1%)	113(15.7%)

Compared to last week: Yearling steers were all too lightly tested last week to develop an accurate market trend, however higher undertones were noticed. Steer calves under 450 lbs sold mostly 15.00-20.00 higher. All other steer calves were too lightly tested last week to develop any market trend. Yearling heifers sold unevenly steady in a narrow comparison. The best test for heifer calves was for calves under 400 lbs which sold mostly 10.00-15.00 higher. All other heifer calves were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Calf quality this week was mostly attractive with many long strings of freshly weaned calves on offer. Yearlings were of average to attractive quality with most offerings in light flesh. Outside of one load lot of steers, yearlings were mostly offered in small packages. Demand for both calves and yearlings was good to very good. Market activity was mostly active this week. Weigh up cows sold on moderate demand for light offerings. Cows sold three different ways as buyers purchased them to feed, slaughter, and return to the country to test for breds. Packers showed mostly light to moderate demand for slaughter cows. Slaughter cows sold generally steady to firm on boning and lean cows. Breaking cows were too lightly tested last week to develop any market trend. Feeding cows sold steady to firm. Slaughter bulls sold mostly 1.00-2.00 lower on a lower quality offering. Both cow and bulls were of plain to average quality this week. Most were fresh off range and have been out breeding or have had a calf on them all summer. Cow and bull yields are starting to see seasonal lows. Demand for replacement cows was mostly good as buyers purchased cows to both rebreed or in hopes that they are bred for spring calves. This class of cows were too lightly tested both this week and last to develop any market trend. Supply included: 84% Feeder Cattle (44% Steers, 56% Heifers, 0% Bulls); 11% Slaughter Cattle (60% Cows, 40% Bulls); 4% Replacement Cattle (92% Stock Cows, 8% Bred Cows). Feeder cattle supply over 600 lbs was 27%.
