Replacement Cattle:	310(4.0%)	286(7.5%)	1,361(29.1%)

Special Note: ***Calves weaned longer than 45 days are left untagged***

Compared to last week: Yearling steers and heifers were too lightly tested last week to develop any market trend. Moderate to good demand was seen for yearlings this week. Unweaned steer calves under 400 lbs were too lightly tested last week to develop an accurate market trend, steady to weak undertones were noticed; 400-549 lbs unweaned steers sold steady to 2.00 higher; unweaned steers 550 lbs and heavier sold steady to 3.00 lower. Unweaned heifers under 450 lbs sold 5.00-10.00 higher; 450-599 lbs unweaned heifers sold unevenly steady from 3.00 lower to 5.00 higher; unweaned heifers over 600 lbs were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Quality this week was outstanding with many long strings of attractive to very attractive calves. Demand was good and unwavering throughout todays very long sale which stretched well into the evening. Many load lots of fresh, clean calves were seen this sale and most calves were offered with fall preconditioning shots. Market activity was mostly active this week with a full house of ranchers and order buyers actively bidding on offerings. Weigh up cows sold on mostly moderate demand for heavy offerings. Packers showed stronger demand for slaughter cows this week, opting to send most offerings directly to slaughter instead of feed. While cow prices overall were steady with last week, the purpose they were purchased for changed. Slaughter cows sold steady to 2.00 higher. Feeding cows sold steady to weak. Quality this week was mostly average and many thin cows continue to be marketed. Ranchers looking for cows to pregnancy test and feed help support a small portion of the cow market this week. Slaughter bulls sold generally steady. A higher quality bull offering was seen this week. Young age cows suitable to feed or rebreed sold 3.00-5.00 higher. Demand for these offerings was mostly good with several buyers in the market this week looking for this class of cow. Quality was mostly average. Supply included: 75% Feeder Cattle (59% Steers, 41% Heifers, 0% Bulls); 21% Slaughter Cattle (92% Cows, 8% Bulls); 4% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 8%.
