Compared to last week: Yearling steers and heifers were too lightly tested to develop any market trend. Demand for yearlings was moderate to good for light offerings. Feeder steers under 500 lbs sold steady to 5.00 higher in a narrow comparison. Steers over 500 lbs sold mostly 5.00 higher. Feeder heifers under 500 lbs sold mostly steady to 5.00 higher, heifers over 500 lbs sold generally steady. Quality this week was average to attractive. A few large packages of calves were offered this week, however most calves were offered in small to moderate size packages. Demand for grass cattle remains good and buyers are purchasing some heavier weight calves (up to 525 lbs) to develop into yearlings. Demand for heavier calves was stronger this week as higher fat cattle prices helped support larger calf prices. Market activity this week was mostly active as a strong buyer pool was on hand actively bidding on offerings. Weigh up cows sold on mostly moderate demand for light to moderate offerings. Slaughter cows sold steady to weak on lean cows. Breaking and boning cows were too lightly tested to develop an accurate market trend, however steady to lower undertones were noticed. Feeding cows sold steady to firm. A large buyer pool of feeding cows continues to be seen which helped keep cow prices close to steady. Packers showed lighter demand for slaughter cows this week compared to last week. Slaughter bulls were too lightly tested to develop an accurate market trend, however weak undertones were noticed. Young age cows suitable to feed or rebreed were too lightly tested to develop an accurate market trend, lower undertones were noticed. Fewer buyers and lower quality was noticed this week. Supply included: 77% Feeder Cattle (47% Steers, 47% Heifers, 7% Bulls); 17% Slaughter Cattle (93% Cows, 7% Bulls); 6% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 5%.
