Special Note: Next sale will be July 26th 2022

Compared to last sale: Feeder cattle were scarcely tested this week, thus no trend can be established. Demand for feeder cattle was mostly moderate for very light offerings. Quality was mostly plain to average. Market activity this week was mostly slow to moderate. Weigh up cows comprised most of the offering today. Slaughter cows sold on moderate to good demand. Slaughter cows sold mostly steady to weak on all classes. Demand from western packers remains good and a portion of the offering continues to sell to west coast packers. Weigh up conditions were mostly average this week. Cow quality was average to very attractive. Most cows on offer have fleshed up significantly as pasture and range conditions remain in good condition. Very few lean cows were seen this sale. Slaughter bulls sold mostly 1.00-3.00 lower. Bull quality remains very attractive as range conditions have kept bulls in good body condition. Young age cows suitable to feed or rebreed sold on mostly good demand. This class of cows were too lightly tested to develop any market trend. Supply included: 3% Feeder Cattle (100% Bulls); 83% Slaughter Cattle (71% Cows, 29% Bulls); 14% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 100%.
