Compared to last week: Feeder cattle were too lightly tested both this week and last to develop an accurate market trend, however steers and heifers sold with steady undertones. Quality this week was mostly plain to average and lower than last week. Demand was mostly moderate for light offerings. Light supplies limited demand this week as buyers were hesitant on starting loads with such light offerings. CME positions moved higher today as cattle started to trade in the country. CME Feeder cattle futures traded up 1.15 on the April contract to settle at 147.625. The May closed at 152.675, 0.90 higher. Market activity was mostly moderate. Weigh up cows sold on mostly good to very good demand again this week. Packers continue to be very aggressive as they push to obtain the majority of the market share. Slaughter cows sold mostly 2.00-3.00 higher on breaking and boning cows, while lean cows showed the greatest advance selling 3.00-5.00 higher. Feeding buyers showed good demand for cows as well. Feeding cows sold mostly 1.00-3.00 higher. Cow weigh conditions were mixed this sale. Slaughter bulls sold mostly 2.00 higher. Young age cows suitable to feed or rebreed sold generally steady.
