Special Note: *Weaned calves are left untagged*

This is the first Monday sale of the fall run so this weeks comparisons are to last Thursdays sale. Feeder cattle were too lightly tested today and last Thursday to develop an accurate market trend, however lower undertones were noticed on both steers and heifers. Demand was light for light offerings. Quality this week was mostly average. Market activity was slow. Farmers in the Midwest continue to be very busy with harvest and unwilling to take unweaned calves. Additionally many feeders in the state refuse to feed calves as feed cost are inflated due to drought conditions which has limited availability. Weigh up cows sold on mostly light to moderate demand for moderate to heavy offerings. Feeding buyers showed the best demand for cows this sale. Buyers were mostly looking for cows in boning flesh or young age cows. Packers also opted to feed some thin cows to hold for the upcoming holidays as we are less than 60 days from the start of the holiday season. Feeding cows sold steady to 2.00 lower, with steady prices seen on cows suitable to feed to premium white and mostly lower prices seen on thin cows. Slaughter cows sold mostly 2.00-4.00 lower on boning and lean cows. Breaking flesh cows sold generally steady. Weigh up conditions were average to below average this sale. Slaughter bulls sold fully steady. Young age cows suitable to feed or rebreed sold mostly steady.Supply included: 17% Feeder Cattle (45% Steers, 42% Heifers, 13% Bulls); 66% Slaughter Cattle (94% Cows, 6% Bulls); 17% Replacement Cattle (91% Stock Cows, 9% Bred Cows). Feeder cattle supply over 600 lbs was 17%.
