Feeder Cattle:	5,327(91.9%)	6,510(92.4%)	3,234(89.3%)
Slaughter Cattle:	285(4.9%)	414(5.9%)	274(7.6%)
Replacement Cattle:	185(3.2%)	122(1.7%)	115(3.2%)

Special Note: *Weaned calves are left untagged*

Compared to last week: Yearlings were all too lightly tested last week to develop an accurate market trend, however higher undertones were noticed. Demand for yearlings was mostly good. Steer calves under 400 lbs were too lightly tested to develop an accurate market trend, lower undertones were noticed. 400-599 lbs steers sold steady to 5.00 higher, steer calves over 600 lbs sold steady to 5.00 higher. Heifer calves under 400 lbs sold mostly 10.00 lower, 400-549 lbs heifers sold steady to 8.00 lower, heifers over 550 lbs sold mostly steady to 2.00 higher. Quality this week was average to attractive. Demand for calves remains uneven. Transportation remains the biggest factor limiting demand as buyers continue to struggle to find trucks. Much like last week buyers focused on buying front end calves, especially ones with two rounds of vaccinations and passed or discounted average quality calves or calves with only spring shots. After buyers exhausted the trucks they had available many exited the market. Prices declined as buyers filled trucks, as many of these offerings would have to remain in the yards until buyers can find transportation. Weaned calves have started to sell at a premium as some buyers have reported some health issues with un-weaned calves as nights are getting colder and days remain unseasonably warm. Market activity this week was moderate to active. Weigh up cows sold on mostly light to moderate demand for light offerings. The additional packer buyer seen last week was not at the sale this week. All cows sold lower as less buying power was on hand for todays sale. Feeding cows sold mostly 3.00-5.00 lower. Weigh up conditions this week were below average with many very full cows on offer. Slaughter cows were too lightly tested to develop an accurate market trend, however steady undertones were noticed on boning and lean cows, breaking cows sold with lower undertones. Slaughter bulls were too lightly tested to develop an accurate market trend, however lower undertones were noticed. Young age cows suitable to feed or rebreed sold generally steady in a narrow comparison. Demand was mostly light to moderate. Quality for this class of cows was average this week. Supply included: 92% Feeder Cattle (53% Steers, 46% Heifers, 1% Bulls); 5% Slaughter Cattle (96% Cows, 4% Bulls); 3% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 17%.
