Compared to last sale: Yearling steers and heifer were too lightly tested last sale to develop any market trend. Yearling cattle were mostly average to attractive in quality. Most yearlings on offer were out of a grow lot this sale, however most were in light to moderate flesh, with only a few sorts of fleshy offerings noticed. Demand for all yearlings was good. Steer calves sold generally steady on all offerings this sale. Heifer calves under 450 lbs sold 5.00 lower on a poorer quality offering. 550-599 lbs heifers sold mostly steady to 2.00 higher, all other weights of heifer calves sold generally steady. Quality this week was mixed and varied greatly. Heavy offerings were seen this sale as cattle were consigned from a large geographic area. Demand was mostly moderate for heavy offerings. A large buyer pool was on hand for todays sale with very good buyer participation noted. Market activity was mostly active throughout todays long sale which stretched late into the evening. Weigh up cows and bulls were too lightly tested to develop an accurate market trend, however steady undertones were noticed on both feeding and slaughter cows. Slaughter bulls were too lightly tested to develop any market trend. Young age cows suitable to feed or rebreed were too narrowly compared as well. Demand for young cows suitable to rebreed was stronger this sale compared to two weeks ago. Supply included: 96% Feeder Cattle (60% Steers, 38% Heifers, 2% Bulls); 3% Slaughter Cattle (86% Cows, 14% Bulls); 1% Replacement Cattle (62% Stock Cows, 38% Bred Cows). Feeder cattle supply over 600 lbs was 40%.
