Compared to last week: Yearling steers and heifer were too lightly tested to develop any market trend. Demand for yearlings was mostly moderate to good. Yearling cattle were mostly average to attractive in quality. Steer calves under400 lbs were too lightly tested to develop any market trend. 400-449 lbs steers sold mostly steady to 10.00 higher, steer calves over 450 lbs sold steady to 5.00 higher. Heifer calves under 550 lbs sold steady to 5.00 higher, heifers over 550 lbs sold steady to 5.00 lower on a lower quality offering. Demand for light weight calves did diminish as the sale progressed and buyers filled loads. Quality this week was mixed and varied greatly, much like last week. Demand for calves was mostly moderate to good. Many sets of weaned calves were seen this week. Weaned calves showed the greatest variation in quality as some were weaned very well, while others were still full bellied and rough haired. Market activity was mostly moderate to active this week with good participation seen from both order buyers and farmer feeders. Weigh up cows and bulls were too lightly tested last sale to develop a full market trend, however lower undertones were noticed on both feeding and slaughter cows. Slaughter bulls were too lightly tested to develop any market trend. Young age cows suitable to feed or rebreed were too lightly tested last week to develop a full market trend, however higher undertones were noticed. Demand for young cows suitable to rebreed was stronger again this sale. Supply included: 88% Feeder Cattle (58% Steers, 40% Heifers, 1% Bulls); 8% Slaughter Cattle (97% Cows, 3% Bulls); 4% Replacement Cattle (93% Stock Cows, 7% Bred Cows). Feeder cattle supply over 600 lbs was 35%.
