Compared to two weeks ago(7-22-21): Yearling steers under 900 lbs sold mostly steady to 3.00 higher, steers over 900 lbs sold mostly 5.00 higher in a narrow comparison. Yearling heifers under 800 lbs sold unevenly steady, while heifers over 800 lbs sold mostly 5.00-6.00 higher. Demand was mostly good to very good for all yearlings on offer. This week was the first test of spring born calves. Demand for high quality calves was light to moderate. Many sets of spring born calves were of plain to average quality. Many calves were very green and much lighter in weight than usual. Drought conditions continues to drive these offerings to market. With hot dry and dusty conditions being experienced across a large region many buyers passed on these offerings over health concerns. Several sets of replacement heifers continue to be marketed and consigners continue to offer to abort the heifers at their cost if the buyer wishes to feed them. Market activity was mostly active this week. Weigh up cows sold on mostly good demand for heavy offerings. Packers are fighting both feeding buyers and buyers looking for cows which are bred and selling as weigh ups. This helped support the entire cow market this week. Slaughter cows sold steady to firm, while feeding cows sold steady to 1.00 higher. Cow quality this sale was mostly average to very attractive. Many long strings of cows were on offer this sale. Slaughter bulls sold steady to 2.00 higher. Young age cows suitable to feed or rebreed sold mostly3.00 higher. Demand from rebreed buyers was stronger this sale. Buyers were actively purchasing cows to rebreed for fall calving in southern states. Demand for cow calf pairs was mostly good this sale. Quality was average to attractive. Supply included: 46% Feeder Cattle (34% Steers, 2% Dairy Steers, 62% Heifers, 3% Bulls); 31% Slaughter Cattle (84% Cows, 16% Bulls); 22% Replacement Cattle (28% Stock Cows, 13% Bred Cows, 21% Bred Heifers, 38% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 71%.
