Livestock Weighted Average Report for 10/5/2021 - Final

AUCTION

	This Week	Last Reported 9/28/2021	Last Year
Total Receipts:	4,986	5,081	1,965
Feeder Cattle:	2,290(45.9%)	3,218(63.3%)	1,316(67.0%)
Slaughter Cattle:	1,895(38.0%)	1,204(23.7%)	329(16.7%)
Replacement Cattle:	801(16.1%)	659(13.0%)	320(16.3%)

Compared to last week: Yearling steers were scarcely traded this week thus no trend is available. Steer calves under450 lbs sold steady to 5.00 higher, steer calves over450 lbs sold mostly steady to 5.00 lower. Yearling heifers were not well compared; higher undertones noticed. Heifer calves under 500 lbs sold mostly 5.00-8.00 higher, heifers over500 lbs were not well compared, prices were uneven. Demand for for calves was light to moderate this week and slightly better than last week. Heavy supplies of calves continue to be seen and many feeders in the corn-belt are still busy with harvest. This continues to hamper demand for un-weaned calves. Additionally, many feeders in the state have opted to sell their feed instead of backgrounding calves this year. This has put additional pressure on the market as offerings that would normally be backgrounded in state are having to sell to locations with more feed. Calves with2 rounds of vaccinations, both fall and spring, sold with the best demand this week. Calf quality this week was average to attractive. Calves were offered in small to moderate size packages this week with no load lots on offer. Market activity this week was mostly slow to moderate. Weigh up cows sold on light to moderate demand for very heavy offerings. More cows were seen today than calves as ranchers continue to cull many older cows and opens. Heavy supplies allowed packers to buy cows lower. Slaughter cows sold mostly2.00-4.00 lower on boning and lean cows, breaking cows were too lightly tested to develop any market trend. A large portion of the cow offering was very thin this week as most cows just had calves weaned off them and drought conditions have taken a toll on body condition. The majority of lean cows would yield less than44% this sale. Cows were noticeably thinner this week compared to last. Feeding cows sold steady to3.00 lower. High quality cows suitable to feed to premium white sold fully steady. Buyers also purchased sound, thinner cows to feed for the upcoming holiday season. This was the first week this fall that buyers purchased feeding cows for this purpose. Slaughter bulls sold fully steady in a narrow comparison. Young age cows suitable to feed or rebreed sold mostly 3.00-4.00 higher. Quality this week was average to attractive and similar to last week. Supply included: 46% Feeder Cattle (45% Steers, 55% Heifers, 1% Bulls); 38% Slaughter Cattle (96% Cows, 4% Bulls); 16% Replacement Cattle (56% Stock Cows, 35% Bred Cows, 8% Bred Heifers). Feeder cattle supply over 600 lbs was 13%.
