Compared to last week: Yearling steers and heifers were too lightly tested to develop any market trend. Unweaned steer calves under 400 lbs sold 6.00-7.00 lower; unweaned steer calves sold mostly steady to 5.00 higher. Unweaned heifer calves under 400 lbs sold steady to weak; heifers over 400 lbs sold unevenly steady from 5.00 lower to 3.00 higher. Quality this week was average to attractive. Demand was mostly moderate for heavy offerings. Lighter demand was seen for light weight calves suitable to develop into yearlings. Lightweight calves had fewer takers this week and heavier supplies as calves continue to come off the cow very light and thin. Lightweight calf quality has been mixed depending on how thin calves got while still on the cow. Market activity this week was moderate to active. Weigh up cows sold on mostly light to moderate demand. Packers opted to send a very large portion of the cow offering to feed this week. Many cows were sent to short term feed for slaughter during the upcoming holiday weeks. Packers opted to send more plain to average quality cows to feed (albeit short term feed) this week. Feeding cows sold steady to 3.00 lower while slaughter cows sold 1.00-2.00 lower. Slaughter bulls sold steady to 2.00 lower. Feeding bulls sold generally steady. 2-3 year olds suitable to feed or re-breed sold steady to 3.00 higher. Quality was average to attractive this week and overall better than last week. Supply included: 68% Feeder Cattle (60% Steers, 40% Heifers, 0% Bulls); 24% Slaughter Cattle (94% Cows, 6% Bulls); 9% Replacement Cattle (84% Stock Cows, 16% Bred Cows). Feeder cattle supply over 600 lbs was 5%.
