The best test for yearling heifers was for 800-899 lbs which sold mostly 4.00-5.00 higher. Steer quality this week was average to attractive this week, while heifer quality was average to very attractive. Ranchers continue to bring replacement heifers to market as the drought worsens. All heifers on offer were given the option to be aborted at the consigners expense. All heifers sold today were sold as feeding heifers. Market activity this week was mostly active. Weigh up cows were too lightly tested this week to develop an accurate market trend, however steady undertones were noticed on all cows on offer. Slaughter bulls sold unevenly steady in a narrow comparison. Bulls continue to come off pasture in thin condition as most have been out breeding cows.
