Special Note: ***Correction to bred cows. Changed to per head from per cwt***

Weaned calves left untagged

Compared to last week: Feeder cattle were all too lightly tested either this week or last week to develop an accurate market trend, however higher undertones were noted and sharply higher undertones noted at times. Quality this week was mixed from average to attractive. Demand was mostly good to very good. CME positions continue to climb higher. Demand for grass type calves was very good as the August board has pushed into the upper 170's in days. Market activity was mostly active this week. Weigh up cows sold on mostly light to moderate demand for moderate offerings. Demand for slaughter cows was stronger this sale as packers pushed to buy for the rest of the holiday break. Very few sales are occurring late in the week due to the holiday. Slaughter cows sold steady to 1.00 higher on all classes. Packers were less interested in buying high quality feeding cows as they would have to sit in the yards for the rest of the week due to the holiday. Demand for feeding cows was lighter, however quality was mostly plain to average with very few high quality cows on offer. Feeding cows sold generally steady. Slaughter bulls sold 1.00-3.00 higher in a narrow comparison. Young age cows suitable to feed or rebreed sold mostly steady to weak. Supply included: 39% Feeder Cattle (52% Steers, 45% Heifers, 3% Bulls); 42% Slaughter Cattle (94% Cows, 6% Bulls); 19% Replacement Cattle (75% Stock Cows, 25% Bred Cows). Feeder cattle supply over 600 lbs was 16%.
