Livestock Weighted Average Report for 3/27/2022 - 4/2/2022

LIVESTOCK SUMMARY

	Current Week	Last Reported 3/21/2022	Last Year
Total Receipts:	29,648	30,192	36,732
Feeder Cattle:	24,360(82.2%)	25,662(85.0%)	31,013(84.4%)
Slaughter Cattle:	4,314(14.6%)	3,763(12.5%)	3,249(8.8%)
Replacement Cattle:	974(3.3%)	767(2.5%)	2,470(6.7%)

Compared to last week, feeder steers and heifers sold steady to 5.00 higher. The supply of feeders was light to moderate as weather still impacted movement in some areas. Demand was moderate to good with mid-weights in suitable condition to eat grass and gain weight seeing the best demand which is very typical of this time of year. Regardless of weights however, quality cattle with good health programs still fetch quality checks. A load of steers sold on Tuesday at the Kingsville Livestock auction averaging 801 lbs. sold at 162.60, and although this load just squeaked into the 8 weights it has been a full month since anything with an 8 in front got into the 160's. Another notable as a whole across the state that we just don't talk enough about is the price of cull cows and bulls, which are at very high levels. Not that the industry needs to lose any more momma cows, but there is no doubt a few are leaving the farms maybe a bit sooner than they would if price levels were lower. Higher quality slaughter cows are reaching into the 90's with a few high dressing cows hitting 100.00 per cwt. High dressing slaughter bulls have climbed into the mid 130's. Switching gears to grains, USDA released the planting intentions report this week, and although it is based off data as of March 1, corn is expected to lose its' crown as king of the crops to soybeans. Projections expect a 4% decrease in corn acres with beans gaining that same 4%, and although history has shown these are just estimates and many factors such as prices and mainly weather will still result in some acres shuffling one way or the other the estimated difference is large enough to fill fairly confident that beans will rule this year; which is a rare occurrence and not one that the cattleman really cares to see. Although the week ended with sunshine and decent temperatures many areas of the state did see some frost mid-week and even some snow flurries and sleet. Mud continues to be present and there was some flooding in the southern part of the state but, field conditions are improving slightly in areas and few farmers did manage to pick and choose spots and get a little work done this week. As of current no reports of any corn in the ground but, someone will be first very soon. Boxed beef cutout values continue the trend upward as each day gets closer to seeing more grills fire up. Choice closed on Friday at 2678.17, up 4.50 and select closed at 262.52, up 10.38 compared to the previous week. As of Friday afternoon reported negotiated feedlot sales were just under 91K head. Live sales for the week were mostly from 138.00-143.00 and dressed sales from 221.00-222.00. The Missouri Stocker Formula consists of 4652 head with a weighted average weight of 535.17 lbs. and a price value of 191.95, up 1.14 from the previous week. The steer/ heifer spread is currently 31.07. Supply included: 82% Feeder Cattle (48% Steers, 0% Dairy Steers, 46% Heifers, 5% Bulls); 15% Slaughter Cattle (1% Steers, 1% Heifers, 84% Cows, 14% Bulls); 3% Replacement Cattle (19% Stock Cows, 48% Bred Cows, 2% Bred Heifers, 28% Cow-Calf Pairs, 4% Heifer Pairs, 0% Bulls). Feeder cattle supply over 600 lbs was 43%.

FEEDER CATTLE

Please Note:
The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:
Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months)

Age - Numerical representation of age in years.
