Large crowd of order buyers were on the seats with most staying to the end of the sale filling loads. Bulk of the calves were right off the cow, clean eyed, long eared and open haired. Most calves had pre-condition shots with a few weaned calves in the mix. Calves continue to come to town several pounds lighter than last year. On this sale last year, 16% of the calves weighed over 600 lbs. Only 10% of the similar consignment sheet weighed over 600 lbs on Friday. With the dry summer and possible shortness of winter feed, most producers did not keep any replacement heifers from there longtime genetic base in there cow herds. Over 2300 head of slaughter, feeding cows, preg checked open heifers and bulls have made there way to town in the last two weeks because of the short feed supply. Next Thursday, weigh-up cows and bulls. Friday, Nov 13, Tri-State Bred Heifer and Cow sale with several complete dispersion's on the books. Supply included: 80% Feeder Cattle (56% Steers, 44% Heifers, 0% Bulls); 20% Slaughter Cattle (100% Cows). Feeder cattle supply over 600 lbs was 10%.
