Livestock Weighted Average Report for 10/1/2021 - Final

AUCTION

	This Week	Last Reported 9/24/2021	Last Year
Total Receipts:	5,033	6,975	2,605
Feeder Cattle:	5,033(100.0%)	6,975(100.0%)	2,605(100.0%)

Compared to last weeks sale : yearling steers from 800 lbs to 850 lbs were steady to $4.00 lower, 900 lbs to 949 lbs were steady to $3.00 higher. Higher under tones were noted on yearling heifers as there weren't sufficient numbers to make a comparisons. An active market on the yearlings as available numbers of yearlings are dwindling. The yearlings were desirible being in light flesh condition coming off dry pasture. Some parts of the area received from 1/2" to 1" of rain last night, while other areas are still in desperate need of moisture. A larger offering of spring born calves this week than last week with the market all over the board. Steer calves would be generally steady with the heifer calves steady to higher in most instances. Examples of the erratic calf market: a load of really nice steer calves weighing 527 lbs brought $198.50, while a load of steer calves weighing 545 lbs brought $166. A load of steer calves weighing 18 lbs heaver brought $32 cwt less. Both loads had been fully preconditioned, right off the cow, and from reputation ranches. You tell me what the market is? The next sale is Friday, October 8th starting 8:00 ct/7:00 mt. Be Safe and Eat Beef. Supply included: 100% Feeder Cattle (60% Steers, 40% Heifers). Feeder cattle supply over 600 lbs was 18%.
