Good to very good demand for today's offering of fully preconditioned long time weaned feeder cattle. Several long stings of one owner cattle offered buyers the opportunity to buy multiple loads of the same sort. An excellent selection of cattle qualifying for the NHTC program were available today, along with a large selection of replacement heifers. Flesh conditions ranged from light fleshed hay fed cattle to moderate fleshed back grounded cattle. Extremely cold weather in the area has hampered movement of livestock in the area causing a few weather related cancellations for today's sale. A fairly active market with a large crowd of buyers in the seats and on the internet. Next feeder sale will be Friday, February 19, 2021. Stay warm and stay safe. Supply included: 100% Feeder Cattle (59% Steers, 41% Heifers). Feeder cattle supply over 600 lbs was 80%.
