Livestock Weighted Average Report for 12/9/2022 - Final

AUCTION

	This Week	Last Reported 12/6/2022	Last Year
Total Receipts:	4,847	4,719	3,485
Feeder Cattle:	4,847(100.0%)	4,719(100.0%)	3,485(100.0%)

Compared to last Friday: steer calves 450 to 500 lbs 4.00 lower, 501 to 650 lbs mostly steady. Heifer calves 500 to 600 lbs mostly steady. Moderate to good demand for calves today depending on quality. Many, many packages and just a handful of loads made up today's calf offering which varied quite a bit in quality, quite a few plain quality calves on offer. A little over half of today's calves were weaned and flesh varied, from light to moderate plus. Some calves, especially those from farther north, have gone through some tough weather while still on the cow which has kept them green. Yearlings compared to Tuesday: best test on steers 850 to 1000 lbs steady. Yearling heifers not well compared. Good demand for yearlings which sold in mostly strings and loads. Flesh mostly moderate to moderate plus today. An active market with most of the normal buyers and some farmer feeders attending the sale. A large winter storm is expected at the beginning of next week with the exact timing and severity still to be determined. Quite a few cattle came to the auction today in case the weather does not cooperate next week. Watch local listings to see if next Friday's (December 16) feeder cattle sale will still be happening. Supply included: 100% Feeder Cattle (65% Steers, 35% Heifers). Feeder cattle supply over 600 lbs was 56%.
