Livestock Weighted Average Report for 9/23/2021 - Final

AUCTION

| | This Week | Last Reported 9/9/2021 | Last Year |
|------------------------|---------------|---------------------------|-----------|
| Total Receipts: | 1,256 | 1,122 | 0 |
| Feeder Cattle: | 1,256(100.0%) | 1,122(100.0%) | 0(0.0%) |

Last feeder cattle sale two weeks ago with different weight classes than today so an accurate price trend can not be established. Good demand for a couple loads and many packages of yearlings on offer today. These cattle were all off grass in light to moderate flesh, many of these were tested open heifers. Quality mostly average to attractive. A couple of loads and several packages of calves were met with moderate demand. One consignment was weaned, 26 days, and the rest were off the cow. All had preconditioning. Calves were attractive in quality and in light to moderate flesh. Moderate to active market activity today with buyers showing the most interest in yearlings and farmer feeders in the calves. The late summer and fall rains received in the area has enabled producers to keep cattle on grass much longer than they had anticipated but has also made very lush green grass not ideal for putting weight on cattle. Next feeder cattle sale is Thursday, October 7 with many calves expected. Supply included: 100% Feeder Cattle (50% Steers, 50% Heifers). Feeder cattle supply over 600 lbs was 48%.
